

2 ABOUT STONEBOND PROPERTIES

Stonebond Properties was established in 1975 by the Cherry Family and has been developing in the South East for over 40 years, establishing a reputation for building highly individual houses in exclusive locations. Every project that we develop is bespoke designed through an appointed architect.

The scheme for Stortford Road, Standon has been individually designed, giving regard to the existing pattern of built development in Standon, and the material palette utilised by nearby properties.

We are confident that we can deliver a high-quality development in this location, which will ultimately respect the character and setting of the village. The images shown on this slide are of our development in Widford, Hertfordshire which is currently under construction and illustrates the quality of our developments.
