

11 ABOUT STONEBOND PROPERTIES

Stonebond Properties was established in 1975 by the Cherry Family and has been developing in the South East for over 40 years, establishing a reputation for building highly individual houses in exclusive locations. Every project that we develop is bespoke designed through an appointed architect and we pride ourselves on the fact that no two developments are the same.

We do not have a standard house-type and we do not mass-build our houses. The scheme for Cornells Lane has been individually designed, giving regard to the existing pattern of built development in Widdington, and the material pallet utilised by nearby properties. We are confident that we can deliver a high-quality development in this location, which will ultimately respect the character and setting of the village.
